Ian Record

GENERAL MANAGER

Ian's passion for plant started in 1981 at the age of 6, when his father started 'Record Tool Hire', which was successfully grown and sold to another hire company in the mid-nineties. Since then, he's gained a wealth of experience in the business of supplying spare parts for earthmovers. Using his extensive knowledge, Ian and his team are taking RockForge to the next level with a holistic offering of Wear Parts, Machinery Hire and Sales.
